

Hunger Relief Baskets

It is better to give than to receive (Acts 20:35) –
even simple acts of kindness

Operation Living Hope, a 501 (3) (c) Charity was founded for the purpose of bringing loving and living hope to families and individuals who have experienced the pain, and suffering of violence, thoughts of suicide, and hopelessness. We as Counselors and Life Coaches come along side folks in crisis. We listen to their heart breaks, their cries for help, and their desperate needs, and then we set up a plan, a solution toward Hope. We also give immediate Hunger Relief Baskets to meet their most

basic needs such as, meals, clothing, personal care items, books, toys, and snacks. We have seen families flourish and begin to soar like Eagles . Even with this special care, for some individuals it does take more time, or the law may have to intervene. For others, encouragement and the right kind of guidance and an economic lift is all it takes to experience a fresh new start!

Healing in His Wings (Malachi 4:2)
